

PRIME DASH CREDIT MANAGEMENT PLATFORM (CMP)

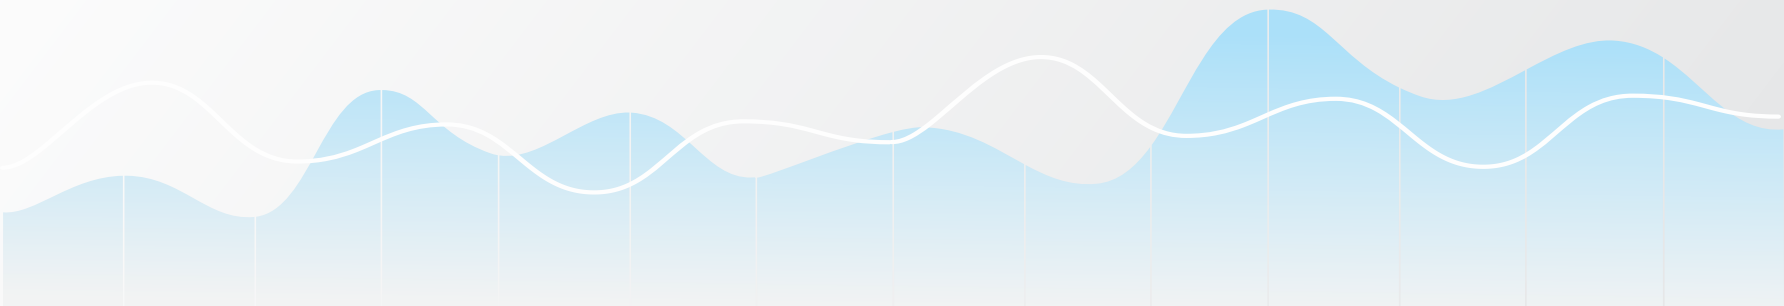

CONTROL,
RISK MANAGEMENT &
EFFICIENCY **DELIVERED**

OVERVIEW

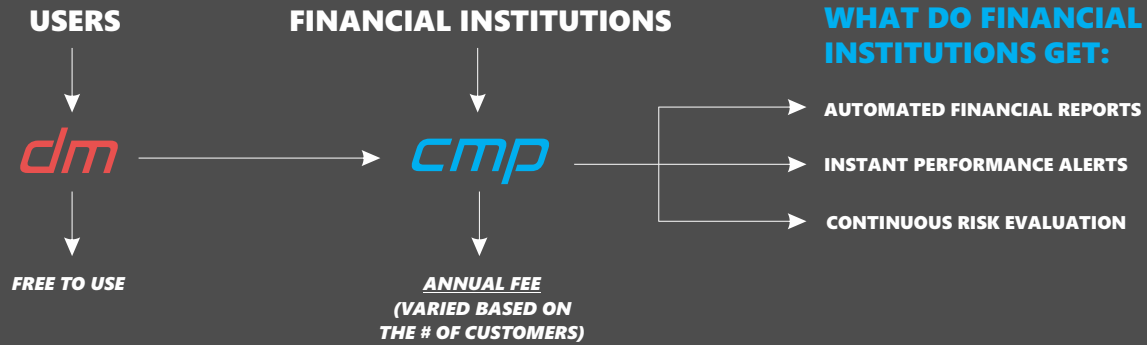

The CMP enables a financial institution to seamlessly connect with their clients' financial data as it provides ongoing reporting and automated financial analysis.

The CMP is also used by financial institutions to continuously monitor the solvency and credit risk of their clients.

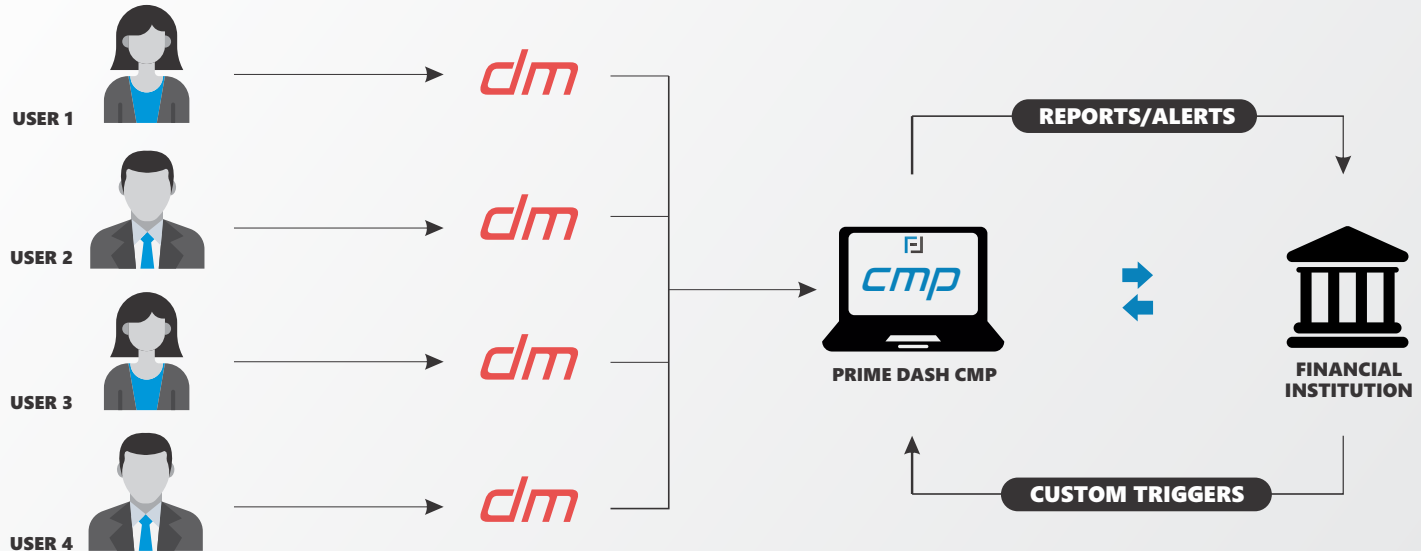

HOW DOES THE CMP WORK?

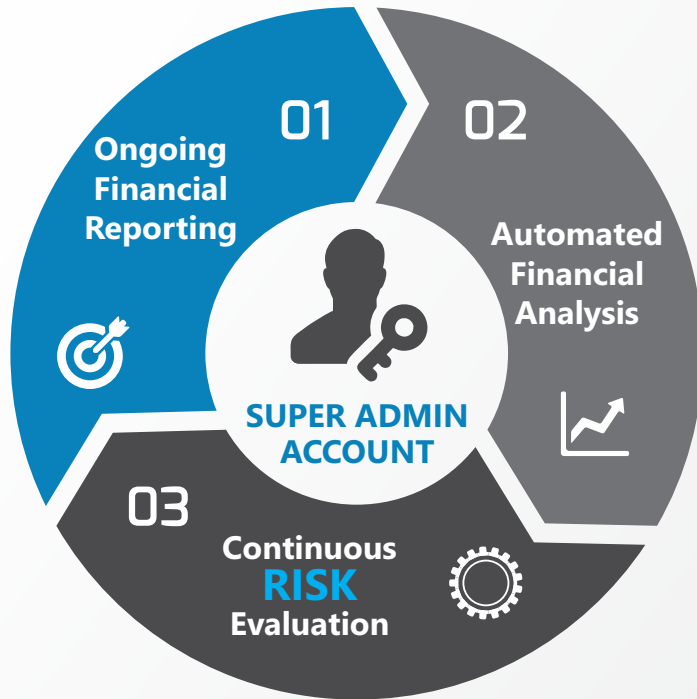

BUSINESS MODEL

WORKFLOW

MAIN BENEFITS OF THE PRIME DASH CMP:

- ▶ A **simple** platform that provides the necessary functionalities to control and manage loans
- ▶ A **smart** platform that doesn't require painful set-up and organization. It's usable on day 1.
- ▶ An **efficient** platform that can extract the exact information to act on a loan
- ▶ Easier and **real-time access** to clients' financials
- ▶ Ongoing Financial **Reporting** and **Analysis**
- ▶ Built-in **Risk Mitigation** tools
- ▶ Easier **Management** of Problem Loans
- ▶ **Transparency** throughout the entire eco-system
- ▶ Seamless **communication** with all clients

WHAT IS THE PRIME DASH CMP?

The Credit Management Platform is a 360° system that enables the credit provider to control, manage, and if necessary take decisive actions with its clients:

The CMP includes **FOUR** key capabilities:    

SUPER ADMIN ACCOUNT

- ▶ Security
